

The 2026 Stephen W. Kuffler Lectures

Edvard I. Moser

Kavli Institute for Systems Neuroscience and Centre for Algorithms in the Cortex
Norwegian University of Science and Technology

Neural codes for space, navigation, and memory

*Neural computation of space:
From single cells to neural populations*

Tuesday, May 5th, 4:00 pm

*Dynamics of grid cells:
From spatial coding to navigation*

Wednesday, May 6th, 4:00 pm

Grid cells, place cells, and memory

Thursday, May 7th, 4:00 pm

**Skaggs/HSEC Auditorium
University of California, San Diego**

Contact: Libby Weber, e1weber@ucsd.edu (858) 534-1654
